For Immediate Release

LANO Announces 2021 Capital Area
 Community Leaders Class
The Future of Nonprofit Board Leadership

The LANO Community Leaders Program generously underwritten by Capital One educates and engages diverse professionals on key elements of nonprofit board service. Training topics include: Fund Development, Financial Management, Conduct & Legal Issues, Governance, and Board Roles & Responsibilities.

Our Community Leaders will gain fundraising experience by managing the 2021 Change Fund. This interactive component teaches the financial commitment of board service by requiring our leaders to raise and personally donate. Local nonprofit organizations submit grant proposals to receive support provided by the Change Fund.
